St. Croix Log Works is a family owned and operated business. We offer hand crafted northern white cedar and pine log products; cutting each piece as individual as the project it belongs to.

Full View

*Full View with 1/4" Tempered Glass. Glass available in clear, bronzed or smoked/gray.

Accent Rail

*Many balaster options & colors available.

Classic Rail *

Because of its unique natural resistance to rot, insects, & decay, northern white cedar is one of the few wood products that's recommended for outdoor use. St. Croix Log Works does not recommend the use of pine railings outdoors, though with proper care & maintenance you can be assured your pine railing/fencing system will last for many years to come!

Timber Rail

Double Rail *

Custom Log Staircases

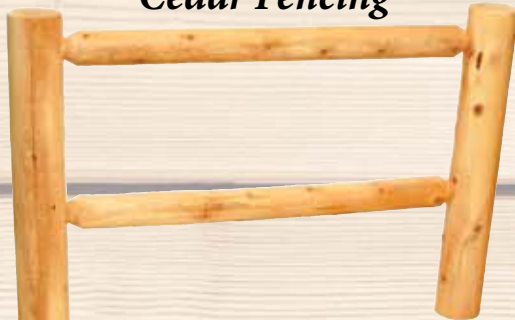

* Available with Full or Half Log Stringers/Jacks.

Custom Timber Staircases

*Stringers/Jacks Conventionally cut or Mortise and Tenon.

Cedar Fencing

Log Mantel
